PRIVATE M'KNIGHT TELLS OF CONDITIONS IN FRANCE

Private Fred McKnight, with one of the regimental bands in France, under date of November 10, writes an interesting letter picturing conditions in that country one day before the signing of the armistice.

His letter follows:

"Just a line or so from a fellow worker to let you know that I have not forgotten the bunch and to let you know that I am well and getting along fine, hoping that this will find all of you the same."

"I had a letter from one of the Corpus Christi boys the other day and was very much surprised to learn of the death of Chas. Wheeler, who was a favorite among all the members of the famous Corpus Christi Marine Band, all of whom will be shocked to learn of him going to the front."

"So far I have not met with any of the boys from home, as I was the only one to be put in the shelter, the rest of them going to the infantry, although I have traversed around a right smart since arriving in France. At present we are billeted in a French village where there has been a very bad for some time. It being very rainy and cold all the time. Our accommodations are composed of a barn and some pretty good hay for our bedding, which comes in pretty handy on a cold night."

"Our band is kept very busy here, as we give concerts every day. We also visit hospitals and nearby towns and put on a variety show which the boys very highly enjoy, especially the "bonne bouffe" at the fairs that have been wounded or taken out."

"At present, I feel that I would be a dummy as a cow should I try to set an ad or go on the "make-up" but guess will come out all right after a few days practice when I return to old Corpus Christi, which appears will be very soon."

The first chair man of our band will be sent to a French musical conservatory in the near future for a final instruction in musical art, under the supervision of the most experienced French musicians. I will be very glad when the time comes to go."

The health of our soldiers, so far as I have seen, is excellent, their morale is still higher, all are full of vim, both body and mind—something that all mothers and dear ones back home will be proud of."

"Well, I will close for this time, wishing the best of luck to all."

YEAIRS OF SUFFERING OVER SHE DECLARES

MRS MAMIE HALL WAS CONFINED TO HER BED FOR MANY MONTHS—GAINED 19 POUNDS ON TAN-LAC AND TROUBLES OVER.

Tanlac has not only saved me from an operation, but since taking it I have gained sixteen pounds and my weight five pounds more than I ever did in my life," said Mrs. Mamie Hall, of 1817 Eighth Avenue, Nashville, Tenn.

"I suffered for years," she continues, "from a bad form of stomach trouble and had fallen off until I weighed only fifty-six pounds. Nothing I ate would agree with me and I lived on milled milk and crackers and became so weak and ravenous that I was almost helpless for eleven months. I was so nervous that the least noise would almost drive me distracted and my head acted like it would burst. I could hardly sleep at night, and had terrible pains in my chest and back. I was told that only an operation would help me."

"I was taken to the hospital once, but didn't want to be operated on, so I persuaded my husband to get me some Tanlac. After taking four bottles, I was entirely relieved of my troubles and feeling fine in every way. My husband has also taken Tanlac and says it has helped him wonderfully. We are both indebted to Tanlac."

Tanlac is sold in Corpus Christi by Buff Drug Store.

U.S. ARMY ADVANCE DELAYED BY LACK OF RIVER BRIDGES

By The Associated Press

Paris, Dec. 2.—It was announced officially today from American Army Headquarters here that it will take three or four days' time for our first-line American divisions to complete their crossing into German territory owing to the limited number of bridges across the Sauer and Moselle Rivers. The American units are marching with full war equipment, accompanied by heavy artillery and ammunition wagons.

"The first chair man of our band will be sent to a French musical conservatory in the near future for a final instruction in musical art, under the supervision of the most experienced French musicians. I will be very glad when the time comes to go."
